WILL the high school trustees give the *Oriole* managers $25 this year to help pay for the San Jose-printed edition?

WITH a State and county campaign staked out for this fall, 'pears to us that the kettle is getting heated not very fast.

THE Gilroy *Telegram* has sold its good will to the *Gazette* and will move away—friend Nolte doesn't say where. Cause of removal given is that Gilroy is not big enough for three papers. Sorry to have Brother Nolte leave the county as his paper has always been a welcome visitor to this office. Success to you.

SUPERVISORS AND DELINQUENT TAX LIST.

County Tax Collector William a January states that the county taxes are being settled fairly well, but that a large number still remain unpaid. The date on which the taxes become delinquent is Tuesday, June 5th, and on that day a list of all persons who have failed to pay will be published. Originally the taxes fell due on the last Monday of April, but on account of the earthquake and fire the time was extended. In accordance with the provision of the Political Code and by advice of the State Controller, the delinquent tax list for the year 1905 will be brought to the notice of the public on June 5. To save paying the penalty and cost of advertising all taxes should be paid prior to that date. The penalty that is imposed is five per cent and the cost of advertising will range upward from 50 cents, according to the quantity of property.—*Santa Clara News.*

And if the property is sold for taxes a great deal of trouble and expense is given the owner in order to redeem it. All of which reminds us to say that the Supervisors at next Monday's meeting should continue their former custom of publishing tax list in the various county town papers. We mean, of course, the list of delinquents situated in the respective localities. Where there is more than one paper in a town and Supervisors are not inclined to give it to all, let an amicable arrangement be made between these publishers so that the following years it will take its turn among them. At any rate it should be published, for as it was last year very few outside of San Jose saw the list as published in the San Jose *News* by the Tax Collector. We confess we did not see the list, and if we didn't, in our line of business, what show is there for the other property owners? The fact is we do not know of a single copy of the *News* coming to this postoffice. (There used to be one left at the depot).

But the Supervisors should remedy this. If the country newspaper is to be sacrificed on the altar of San Jose greed, it is time to know it. If it has to be published in a San Jose paper in full let it go in the *Mercury* where it will get a circulation. The people have a right to know these things.

Thomas Mack Answers the Call.

Thomas Mack passed away last Sunday at his home on Central avenue, at the advanced age of 85 years, 3 months and 26 days. He was a native of New York, but came to Campbell with his wife from Iowa some 9 years ago, since which time he has lived a quiet and happy life. He had been in fair health all of his life. He had been a prundent man in business matters and always had something laid aside for a rainy day. Besides a widow he leaves a daughter, Mrs. Sarah J. Timothy of Campbell and a son, George Mack, of Corning, Iowa.

The funeral was held from the family residence on Tuesday at 10 o'clock a. m. Rev. A. H. Needham, D. D. conducted the services. The music was furnished by Mrs. M. E Luther, Mrs. E. C. Hurlbert, and Miss Charlotte Davis. Interment took place at Oak Hill cemetery.

Methodist Sunday School Picnic.

The Methodist Sunday School picnic will be held this Saturday at Congress Springs. The picnic party will go by the Interurban car route, via Los Gatos, leaving Campbell at about 8:30. If 40 or more go this way a special car will be used, otherwise the party will go on the regular car at 9:30. A special rate for that day on any cars is 25 cents for the round trip and 15 cents for children between 5 and 12 years of age. Tickets on sale at Bank of Campbell. Take well-filled baskets.

Roll of Honor.

San Francisco Liquor Question.

Chief of Police Dinan makes no pretentions that we know of to pulpit oratory, but in his capacity as a conservator of the public peace he has been moved to express some sentiments which would be entirely in place in the mouth of any clergyman in America. What he said was this: "We are determined to maintain the good order that has prevailed ever since the disaster. The most effective way to do this is to keep the saloons closed and prevent the bringing in of liquor from the neighboring cities."

There was more to the same effect, but the foregoing is sufficient. It is liquor, according to Chief Dinan, which is responsible for crimes of violence. It is, of course, responsible for much other crime, which would not be committed except under the excitement produced by drink; but what Chief Dinan had in mind was crime resulting from drunken foolishness and quarrels.

The question arises, why should society endure and pay the costs of crime thus easily prevented? It is evidence of human inefficiency that we habitually do it. No saloons open, no crimes or violence. It would be altogether too much to expect San Francisco to become a prohibition city. Saloons will be reopened in due time. It is not, however, too much to expect that when they open they shall do so under the payment of a license fee large enough to pay the cost of protection against the evils which they will create, and incidentally to prevent the low groggeries from opening at all.—*Editorial in San Francisco Chronicle.*

There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. How to Break up a Cold.

It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days' time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's Cough Remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by the Farmers Union, Agent.

Sunset Limited.

A high class, fast train with gentlemen's cafe, card tables, library, ladies' parlor, observation rotunda, dining car, drawing room cars, and personally conducted tourist excursions via scenic Sunset Route and quaint old New Orleans. Sunday school and Endeavor as usual, but there will be no evening service. Dr. Arthur Smith, recognized as a world authority on the situation in China, will speak in the First Congregational Church of San Jose, and the churches of Campbell and Saratoga have decided to adjourn and all go in to hear Dr. Smith next Sunday night at 7:45. All who can go are urged to attend. Our Sunday school picnic is scheduled for one week from next Saturday, or June 9th. GEO. E. ATKINSON.

FRUIT-FLOWERS

FOR LOCAL MARKET.

A Fancy Article In Home Grown Peaches a Good Seller.

There is an opportunity for fruit growers in many localities near large towns and cities not of the first class to supply to the home market and to hosts of suburban villages and smaller towns within a radius of a few miles the peaches that now come from city dealers and large orchards at a distance. These are good markets for a fancy article, and a home grown article appeals to them in an especial manner. It has an anchorage on them which far overbalances any lack of color. And why? Simply because home grown fruit is better than a

shipped article. It is better because it can be placed on the consumer's table within a few hours of the time it leaves the trees. Consequently it is thoroughly ripened on the tree and a full degree of perfection is attained. The trade quickly recognizes these facts. It is glad to pay for the extra quality.

As to varieties a Jerseyman who grows successfully for local markets says:

We place the Elberta head and shoulder above everything else. We have been able to realize in the last three years about $1,000 per acre from the Elberta. That is ahead of the returns from any other variety. It is a good, uniform peach and is used extensively for canning purposes. The Elberta is good if it stays on the tree until thoroughly ripe. It will not stand picking a little earlier for shipping, but for fruit picked for the local market the Elberta is good enough for any one. It is a good, sure cropper, a pretty thing to look at and a good seller.

THE NEW "MUMS."

An Improved Victor Morel — Beatrice May a Beauty.

In looking over the new things we will give first place to the American seedling Morton F. Plant. This made its first and almost its only appearance at our own local show. An improved V. Morel, but twice the size—at least that I have ever seen Morel—and we have in a few words a very good description of Morton F. Plant, with the addition that the foliage and stem are a facsimile of Cclonel Appleton.

Next on the list is Beatrice May, and she is certainly a beauty. This variety has developed one serious fault from my point of view, which is that she is altogether too modest and shy in the producing of stock, making the dissemination slow and unsatisfactory. I had hoped to make some money out of Beatrice, but in the language of the poet, "'Twas ever thus since childhood's hour, I've seen my fondest hopes decay." As a keeper this variety is second to none. It kept for three weeks on the plant in perfect condition. The way that Beatrice May finished up with me last year is about as near perfect as I ever expect to see a white chrysanthemum.

Perhaps the next best as an all round variety in its color is Mrs. Henry Partridge. Red varieties are almost without exception prone to burn in bright sunlight, but Partridge will not damp one petal. Almost every one likes W. B. Church, but so many complain of its poor growth. Partridge will give you the Church color and in addition is a grand dwarf, stocky grower.

Leslie P. Ward is one of the most beautiful combinations of color that I have seen, being old rose with golden tips to the petals. It is an Australian seedling.—C. H. Totty, Morris County, N. J.
